

GALAXY

Maximum Pressure	10BAR / 145PSI
Maximum Temperature	180°C / 356°F
Max. Steam Output Dry	26,4lt./hour – 440gr./min.
Max. Steam Output Wet	36lt./hour – 600gr./min.
Water Tank Volume	40lt. Stainless Steel Internal
Electric Heating Power	18000 Watt
Voltage	220/400/480V~ 50/60Hz
Boiler material	Stainless Steel AISI 304
Dimensions LxWxH mm	1170x740x1160
Net Weight	76kg
Dry Steam Regulation	Manual 0 – 440gr./min.
Wet Steam Regulation	4 Levels approx. 40/80/120/160 gr/m
Detergent Function	4 Levels approx. 40/80/120/160 gr/m
Detergent Tank Volume	2 x 5lt. PET Canisters
Vacuum *	*Optional Function
Vacuum Power	1200 Watt
Vacuum Container Volume	20lt.
Continuous Feeding Inlet	YES - 3/4" BSP Rapid Lock

* the levels for the detergent output can be programmed to customer specification if this should be required!

The GALAXY is our 3phase machine for heavy industrial applications. Often used to drive belt cleaning systems or other dedicated steam application solutions, the GALAXY guarantees the same flexibility as the SUPERVAP but in a slightly larger housing. Of course the Galaxy can be fitted with the optional Vacuum Kit to make it into a machine that can do virtually everything as far as steam cleaning goes. If less output is required the manual regulation valve allows the user to find the desired output and get the job done! The Galaxy is nothing less than a universal steam generator for both dry and wet steam to be used in the food processing industry, the degreasing of mechanic parts or the many other known or yet unknown fields of steam application!

Proud to deliver the steam you demand!

Steam Victoria
VAPOR CLEANING TECHNOLOGY

STANDARD ACCESSORY SET

The GALAXY 2012 Edition features:

- ✓ New: electronically regulated Wet steam with 4 output levels for the perfect moisture level when moist steam is required!
- ✓ New: electronically regulated Detergent injection for low consumption yet continuous use. Also ideal for better regulation of different detergents!
- ✓ New: 40lt. capacity internal stainless steel water tank for extra long autonomy!
- ✓ New: tank inlet Ø 150 mm for easy and rapid filling, incl. a control LED when full!
- ✓ New: heavy duty rotating pump to fill the boiler!
- ✓ New: big water filter with fine mesh and easy maintenance through a dedicated ON/OFF valve!
- ✓ New: anti-calcification filters for higher water throughput and low maintenance cycles!
- ✓ can be connected to a belt cleaner through a dedicated adapter!
- ✓ continuous feeding water inlet, 3/4" BSP!
- ✓ the Boiler Group is 97/23CE (PED) certified by TÜV Rheinland!

	KIT9600/3.5 Lance IdroVap + 6m Hose		KIT0814/N 1 Big Round Brush Nylon Bristles		KIT0814/I 1 Big Round Brush Stainless Bristles
	KIT0814/O 1 Big Round Brush Brass Bristles		KIT0815/N 1 Round Brush Nylon Bristles		KIT0815/I 1 Round Brush Stainless Bristles
	KIT0815/O 1 Round Brush Brass Bristles		KIT0816/N 5 Small Round Brush Nylon Bristles		KIT0816/I 3 Small Round Brush Stainless Bristles
	KIT0816/O 3 Small Round Brush Brass Bristles		KIT0020 Safety Gloves		KIT0021 Safety Glasses

OPTIONAL ACCESSORIES

	KIT1150/P 1200W Vacuum Kit for 3Phase machines with Vac, Hose & Accessory Set		KIT9500/QR* Quick-Release Pistol + Hose 6m	*KIT9500/QR is also available in lengths of 10/15/20m. Specify length when you order!	
	KIT0914/AR/3.5 Short QR Lance Ø 3.5mm nozzle		KIT0916/AR/3.5 50cm QR Lance Ø 3.5mm nozzle		KIT0915/AR/3.5 100cm QR Lance Ø 3.5mm nozzle

Special versions of the GALAXY are available on request, for example a twin socket/hose version or any sort of individualization your application may require!
